WORK HISTORY

Quadprosoft Technologies
Kanchipuram, India
Apr 2021 - Nov 2021

● **Associate Application Developer**

Designed and developed scalable web applications leveraging Java, Spring Boot, Angular, AWS, and Linux. Implemented DevOps practices to ensure efficient deployment and monitoring of applications. Worked on both front-end and back-end development to create dynamic, interactive, and user-friendly web applications.

Intellidb Database Solutions
London, England (Remote)
Nov 2019 - Mar 2021

● **Web Developer**

Developed and maintained complex websites using Android Studio, PHP, SQL, JavaScript, TypeScript, HTML, CSS, Django, WordPress, Laravel, Bootstrap, AWS, Linux, and DevOps tools. Utilized AWS and Linux for efficient deployment and server management, and applied DevOps principles for streamlined development.
